Who's advertising in Hyderabad on Meta

~400
live ads matching "ayurveda hyderabad"

~87
live ads matching "panchakarma hyderabad"

Sai Ayush

KPHB and Madinaguda. Doctor, big phone number and a free Nadi Pariksha, mostly to WhatsApp, in English and Telugu.

M

Mayura Hospitals

Miyapur. Telugu first, with patient stories and a stated percentage of relief, which carry real risk.

S

Sreedhareeyam

Ayurvedic eye clinics and panchakarma, in the top Hyderabad panchakarma results.

K

Kapiva Ayurveda Clinics

A national brand, also in the top Hyderabad results.

Meta Ad Library, India, read 2 Nov 2026. Keyword matches, so counts include some unrelated ads, and they count ads, not advertisers. Top results read by hand.

What Hyderabad's ads look like

The doctor
Face, name and degree.

The number
Large phone or WhatsApp.

The reason
Free Nadi Pariksha, "limited slots".

The language
English and Telugu.

Many also use pain imagery and name conditions. Meta can pull those, so we'd keep the format and leave out the claims.

Who's advertising on Google

Ads on record for brands that show up for Hyderabad searches.

Grey: national brands, so not all these ads are for Hyderabad.

Travancore and Sri Sri Holistic have the most ads on record among the non-national names here.

Travancore Jubilee Hills 4.9 (986), Gachibowli 4.8 (1.3K)

What one click costs on Google

The bid to appear at the top of Google in Hyderabad, per click.

Google Keyword Planner, Hyderabad, Oct 2025 to Sep 2026, read 2 Nov 2026. Rounded to the rupee. Google's estimates, so real costs will differ. Google can't narrow this to Saroornagar, so it covers all of Hyderabad.

What you can stand on

4.8 on Google, from 53 reviews
A strong rating. More real reviews would put you level with your neighbours.

Therapies by name
Janu Basti, Shirodhara, Abhyanga and Panchakarma, shown in your own rooms.

AyurGenomics with GenepoweRx
The tie-up on your website, and something to show people.

Close enough to come daily
A course means returning every day, so the 5 to 7 km around you matters most.

What gets ads pulled

Indian law
The Drugs and Magic Remedies Act: no cure or magic claims, including for herbal products.

Meta
No cure claims, no copy implying it knows the viewer's health, no targeting by health condition.

Google
Unapproved products can't be marketed as safe or effective against a disease.

Your website
Ad platforms can review the page an ad links to, so its wording counts too.
